

Club Managers Report AGM 2023/2024

Good Evening everyone and thank you for attending Assiniboine Memorial AGM.

I'll try and keep this report as short as I can, but it was a fantastic season with so many great things to mention. This season at AMCC was again a busy one and the upcoming season looks to be just as busy. Our season kicked off with another successful Open House Party. We had an amazing turnout out from AMCC members and community supporters, and this is why we keep doing it.

This season we choose to open a little later due to last seasons weather conditions and were able to host 9 successful bonspiels and send off events at AMCC. The Everest National Curling Club Championships was a tremendous success and I can't thank the host committee, staff, ice crew and all the volunteers who gave their time to ensure this event was the success it was !!

There is always an upgrade or something to be fixed around the facility. Air Makeup unit, bar fridge, light switches or drainage systems. The condenser unit was a major problem for the months of January, February and March, needing to be topped up with gas monthly. Matt was able to fix the condenser unit in April after shut down. A new front door was installed recently as well. We have a new kitchen catering company coming in this season.

Ryan Friesen of Big Daddy's Perogies and More. His menu looks amazing, with plans for the return Friday night buffets and has some fundraising opportunities to run. A new stove and upright freezer has been purchased and installed. Thanks to the generous monetary donations from the Men's and Masters league, which helped offset the cost to the club.

Curling season will commence on October 1st , and I have finished the club calendar and it's looking to be a fairly busy one with everything we have scheduled. The calendar will be online in the next few weeks. Curling IO will be available online by September 1st, if not sooner. We will be again looking for volunteers for 3 of 9 events starting in October, January and March. Your time is both needed and appreciated during these events. Please contact myself or Guy Langlois to sign up to volunteer.

Colin Kawaleski our new youth coordinator ran a successful youth program and will be back again next season. The program will be returning back to Saturday afternoon to accommodate the large amount of kids in the program. I was also able to fill the 7:00pm Tuesday night slot with the Aboriginal Curling League. So we welcome them to AMCC.

In closing, I would like to give a big thank you to Bruce Burton who during the season gave me guidance, encouragement and mentorship that made my job easier and enjoyable. To Maureen Friesen our new bookkeeper, your expertise and positive attitude has been so much fun to work with over the last few months. To Linda Langlois, your endless volunteer hours helping myself and the club during the season and off season is truly appreciated. To all our members here at AMCC, thank you for your continued support throughout the years. To the Board of Directors, your time that you give to volunteering on the board at AMCC is what keeps this club going.

Enjoy the rest of your summer and will see you all in September.

Respectfully submitted
